SIT S.p.A., roadshow with Longspur on May 4 and 5: two days of meetings with UK investors

Padua, May 3, 2021 - SIT S.p.A. (SIT:IM), a multinational listed on the Italian Stock Exchange that creates intelligent solutions for the control of environmental conditions and consumption measurement, **on May 4 and 5 is taking part in the roadshow organized by Longspur to dialogue with British institutional investors.** Longspur published on April 22 the initial coverage of SIT (available [here](#)) indicating a **Euro 11,5 target price stressing the positioning of the company as world market leader, the great opportunity deriving from the acquisition in the water sector and the upside coming from the starting of the “hydrogen economy”.** In fact, for the first hydrogen houses that are being built in the United Kingdom, MeterSIT, a SIT Group company that develops and manufactures intelligent gas meters and which is working on an experimental [hydrogen gas meter as part of the British government’s Hy4Heat programme](#), was chosen from among producers of meters that will enable the safe distribution of hydrogen. This was thanks to the DomusNext® H2 meter that allows consumption data reading. Also installed in the houses are Worcester Bosch hydrogen **boilers [that use hydrogen power safety valves developed by SIT](#).**

During the roadshow, the CEO and Chairman Federico de’ Stefani together with the CFO Paul Fogolin and IR Manager Mara Di Giorgio, will comment on the latest company news and the enterprise’s projects.

WHO	WHERE	WHEN
Federico de’ Stefani, CEO and Chairman Paul Fogolin, CFO Mara Di Giorgio, IR Manager	In video conference	4-5 May 2021

The SIT Group, through its two divisions Heating and Metering, creates intelligent solutions for the control of environmental conditions and consumption measurement for a more sustainable world. A market-leading multinational company, listed on the MTA segment of Borsa Italiana, SIT aims to be the number one sustainable partner for energy and climate control solutions for its customers, focusing on experimentation and the use of alternative gases with low environmental profiles. The Group has production sites in Italy, Mexico, the Netherlands, Romania, China, Tunisia and Portugal, in addition to a commercial structure covering all global markets. SIT is also a member of the [European Heating Industry](#) and of the [European Hydrogen Alliance](#) - www.sitcorporate.it
